

# Safety Data Sheet

**Product : Lure Cydalima perspectalis**

**MSDS Date : 20.2.2022**

**Manufacturer : PROPHER s.r.o.**

---

## I. Product and Company Description

Company : PROPHER s.r.o., Březová 126, 763 15 Slušovice, Czech Republic

Emergency phone numbers : Medical : (+420) 224 919 293

Target Insect : *Cydalima perspectalis*

Active ingredient : specific pheromone of the target insect <5 mg

---

## II. Chemical Composition / Information on ingredients

Active ingredient impregnated into rubber septa.

---

## III. Hazards Identifications

HMSI Hazard Classifications : Health – 1, Flammability – 1, Reactivity – 0, Protection – B

Note : The insect attractant lures do not contain ingredients in any quantity to be hazardous. Active ingredients are synthetic insect pheromones contained in a rubber septa. The information on this form is furnished as a customer service.

---

## IV. First Aid Measures

<b>Eye Contact:</b>	Due to the characteristics of the product, this type of exposure is not expected. In case of contact with the eye, rinse with running water. Seek medical help if necessary.
<b>Skin Contact:</b>	The product is not irritating to the skin. Wash area well with water and soap. Seek medical help if necessary.
<b>Inhalation Exposure:</b>	The product is not known to emit any harmful fumes or aerosols.
<b>Ingestion:</b>	Due to the characteristics of the product, this type of exposure is not expected. Administer water and call a physician or poison control center Do not induce vomiting!

---

## V. Fire Fighting Measures

<b>Suitable Extinguishing Media</b>	Carbon dioxide, foam, dry extinguishing media
<b>Unsuitable Extinguishing Media</b>	Full water jet
<b>Special Fire Fighting Procedures</b>	Use standard fire-fighting procedures.
<b>Unusual Fire and Explosion Hazards</b>	None
<b>Hazardous Decomposition Materials</b>	N/A

The product is flammable. Incomplete combustion or thermal decomposition can produce harmful substances - carbon monoxide, decomposition products of organic substances.

---

## VI. Accidental Release Measures

**Cleanup and Disposal of Spill:** Due to the properties of the product there is no risk of leakage. Collect in case of spillage.

**Waste Disposal:** Incineration or landfilling as municipal waste in accordance with local, state and federal regulations. If a large amount of waste is generated, dispose of it using a specialized waste disposal company.

---

## VII. Handling and Storage

**Handling:** Observe all warnings and precautions listed for the product.

Use in accordance with good manufacturing and industrial hygiene practices.

Do not eat, drink or smoke while handling product.

**Storage:**

Store sealed in a dry place at temperature below 20 °C. Keep out of reach of children.

**Fire Protection:**

Keep away from ignition sources and open flame.

---

## VIII. Exposure Controls / Personal Protection

**Ventilation:** Usually not required

**Respiratory Protection:** Usually not required.

**Eye / Face Protection:** Usually not required.

**Skin Protection:** Wear rubber gloves.

**Other Protective Equipment:** Usually not required

---

## IX. Physical and Chemical Properties

<b>Physical Appearance:</b>	rubber septum
<b>Odor:</b>	indistinct, indeterminate
<b>Specific Gravity: At 25°C (water=1):</b>	Not available
<b>Water Solubility</b>	Insoluble in water
<b>Melting point</b>	Not available
<b>Flash Point</b>	>170°C
<b>Vapor Pressure:</b>	Not available
<b>Vapor Density:</b>	Not available

---

## X. Stability and Reactivity

<b>Conditions to Avoid:</b>	Presents no special reactivity hazard. Protect from moisture and direct sunlight.
<b>Materials / Chemicals to be Avoided:</b>	Strong oxidizing agents, organic solvents
<b>Hazardous Combustion Products:</b>	Incomplete combustion or thermal decomposition can produce harmful substances (carbon monoxide, decomposition products of organic substances).

---

## XI. Toxicological Information

No adverse health effects of product are expected under normal use.

<b>Listed as carcinogen by NTP, IARC, OSHA</b>	no
<b>Toxicity Data:</b>	Not established
<b>Threshold Limit Value: (TLV):</b>	Not established
<b>OSHA Permissible Exposure Limit (PEL):</b>	Not established

---

## **XII. Ecological Information**

The product is not classified as dangerous for the environment.

**General:** Prevent contamination of soil, ground and surface water.

---

## **XIII. Disposal Consideration**

**Waste Disposal Method:** Incineration or landfilling as municipal waste in accordance with local, state and federal regulations. If a large amount of waste is generated, dispose of it using a specialized waste disposal company. The product must not be discharged into drains

The packaging material can be completely recycled.

---

## **XIV. Transportation Information**

The product is not classified as dangerous for transport.

<b>Road (U.S. – DOT):</b>	Not regulated
<b>Air (IATA):</b>	Not regulated
<b>Sea (IMDG):</b>	Not regulated

---

## **XV. Regulatory Information**

<b>European Information:</b>	Not found
<b>Reviews, Standards, and Regulations:</b>	Not found
<b>Listed as Carcinogen by NTP, IARC, or OSHA?:</b>	No

---

## **XVI. Other Information**

Disclaimer of warranties and limitation of liability:

The information in this MSDS was obtained from sources, which we believe, are reliable.

**Key Legend Information:**

N/A – Not Applicable

ND – Not Determined

OSHA – Occupational Safety and Health Administration

TLV – Threshold Limit Value

PEL – Permissible Exposure Limit

NTP – National Toxicology Program

IARC – International Agency for Research on Cancer
